

Qdos 30 Remote pump with ReNu pumphead

qdos³⁰
Peristaltic Metering

Watson-Marlow Pumps

FEATURES AND BENEFITS

- Flow rates 0.3 ml/min (0.005 USGPH) to 500 ml/min (7.93 USGPH) at 7 bar (100psi) RMS pressure
- ReNu pumphead provides accurate, linear and repeatable flow
- Fluid recovery ensures operator safety and avoids chemical waste
- Flow control 1600:1
- Analogue mode functionality
- Process security with no HMI
- No valves or ancillary equipment required

Watson-Marlow...Innovation in Full Flow

PERFORMANCE

Qdos 30 pump typical flow rates

	Speed (rpm)	Flow (ml/min)*
ReNu Pumphead	0.078-125	0.3-500
	Speed (rpm)	Flow (USGPH)*
ReNu Pumphead	0.078-125	0.005-7.93

*accuracy $\pm 1\%$, repeatability $\pm 0.5\%$

Flow rate with discharge pressure for ReNu pumpheads at different drive speeds
